

I have just been looking at the MHGS web site & the 'Where are they now? ' section.

I was a member of the Chemistry Dept staff from 1962 until 1969. From 1969 until 1994 I was Head of Chemistry at a school/college in Leicester.

I retired in 1994 but worked with Peter Radford & Keith Anderson (also ex-members of the MHGS Chemistry Dept) as examiners for the University of Cambridge for several years.

Sadly, Peter passed away a few years ago and both Keith and myself no longer do this work.

My wife Margaret & I have been married for 54 years & have 2 children - both in their fifties. We still live in Leicestershire.

I hope this information may be of some interest to you.
